

WALMER ENERGY

Romanian energy storage construction

Overview

What does Romania want from energy storage projects?

Romania wants mature projects that can be implemented quickly and that can help balance the system, he was quoted as saying. Romania has allocated EUR 80 million under its National Recovery and Resilience Plan (PNRR) for energy storage projects, which is expected to result in contracts for a total of 1.8 GW of capacity, according to Burduja.

When will Romania's largest battery storage project start?

The original call, which referred to at least 620 MWh, was expected to see projects selected by the end of 2023, according to reports. In April, Romania's largest battery storage system, of 24 MWh, was put into operation. It is the first phase of a project totaling 216 MWh.

Will Romania's natural gas storage facilities reach 80% capacity?

BUCHAREST, Oct 3 (Reuters) - Romanian natural gas storage facilities have been filled above a targeted 80% capacity and could reach 90% by Nov. 1, deputy Energy Minister Dan Dragan said on Monday. Unlike other countries in the region, Romania relies less on Russian gas.

What is Romania's largest battery storage system?

In April, Romania's largest battery storage system, of 24 MWh, was put into operation. It is the first phase of a project totaling 216 MWh. The facility is connected to the Mireasa wind farm of 50 MW, while a 35 MW solar power plant is expected to be added by the end of 2024.

Romanian energy storage construction

Romania's ambitious energy storage plans: 5 ...

Jul 18, 2024 · Romania expects its overall energy storage to amount to at least 2.5 GW in operating power at the end of 2025, and to expand to as ...

Nova Power & Gas confirms investment in the largest battery storage

Bucharest, July 22, 2025 - Nova Power & Gas, a Romanian energy company and part of the E-INFRA Group, announces the launch of the largest battery energy storage project in Romania. ...

EU Roundup: Big BESS project news in Greece

Oct 22, 2025 · A roundup of European BESS project news, from Principia in Greece, Repono in Romania, Kyon in Germany, Voltalia & NGEN in Portugal.

Toki Power snaps up 150-MW battery project in Romania , Energy Storage

3 days ago · Toki Power Holding GmbH, the electricity trading arm of Renalfa Solarpro Group (Renalfa Group), has acquired a 150-MW standalone battery energy storage system (BESS) ...

Motives of future growth of the Romanian ...

Mar 25, 2025 · In the next few years, with the maturity of battery energy storage technology, the improvement of market mechanism and the ...

Electrica Unveils 1 GWh Battery Storage Initiative to Support Romania...

Oct 20, 2025 · Although financial details have not been disclosed, the initiative forms a strategic pillar in the company's aim to transition into a leader of the energy-transition in Romania. The ...

Romania: R.Power building 254MWh BESS, ...

Jun 19, 2025 · R.Power is primarily a solar IPP, but is now moving into storage at scale. Image: R.Power Renewables IPP R.Power Renewables ...

Romania attracts massive Turkish investments in green energy. Storage

Nov 13, 2025 · Romania is emerging as one of the most dynamic markets for Turkish renewable energy investments, attracting growing interest from industrial and financial groups with ...

Energy storage fever has gripped Romania. More and more ...

Aug 19, 2025 · In an accelerated wave of investments, companies in Romania are combining battery energy storage systems (BESS) with solar, hydro or wind energy, or building ...

Romania: Trina Storage to Deliver 65MWh Battery System for Romanian

Aug 4, 2025 · Trina Storage is set to supply a 65MWh battery energy storage system (BESS)

for a new project in Romania, marking its first deployment in the country. The initiative, located in ...

Biggest Romania BESS 'shows viable business ...

May 17, 2024 · The Romanian government relaunched a competitive solicitation for grants towards 240MW/480MWh of BESS though Enache ...

Romanian utility launches 70 MWh storage tender , Energy ...

Electrica S.A. Group has launched a tender to build a 35 MW battery energy storage system (BESS) with 70 MWh capacity in Fântânele, Mures County (central Romania). The scope also ...

Nova Power & Gas confirms investment in ...

Bucharest, July 22, 2025 - Nova Power & Gas, a Romanian energy company and part of the E-INFRA Group, announces the launch of the largest ...

Monitor of the Romanian Photovoltaic Projects

Mar 12, 2024 · To accelerate the energy transition, taking into account the Fit for 55 package of proposals and complementing actions on energy security of supply and energy storage, the ...

State aid: Commission approves EUR103 million Romanian scheme

Mar 21, 2023 · Following the positive assessment of the Romanian Recovery and Resilience Plan, the Commission has approved a EUR103 million Romanian scheme to support the construction of ...

3.4GW!Romania Becomes Econergy's Largest Market in ...

14 hours ago · Recently, independent power producer Econergy from Israel released its report for the first three quarters of 2025, revealing that its renewable energy portfolio in Romania has ...

Romania: \$150 million for storage in municipalities, funding ...

Nov 18, 2025 · Romania has taken another bold step in expanding its battery storage fleet with the launch of a EUR150 million program for municipalities, set to add 385 MW of new battery ...

Romania's ambitious energy storage plans: 5 GW by end-2026

Jul 18, 2024 · Romania expects its overall energy storage to amount to at least 2.5 GW in operating power at the end of 2025, and to expand to as much as 5 GW a year later, local ...

Romania's Energy Stora

Jul 18, 2023 · Based on its renewable energy potential and considering the national energy sector's current characteristics - generation assets, interconnections, market design, ...

Toki Power picks up 300 MWh grid storage project in Romania

1 day ago · Austrian developer Toki Power has acquired a 150 MW / 300 MWh battery storage project in Romania that will operate independently to provide grid balancing services.

Romania - pv magazine International

Jun 19, 2025 · All generation and energy storage facilities of 5 MW or larger in Romania will be required to secure grid access via annual auctions ...
