

# **San Diego Special Inverter Manufacturer**

## Overview

---

Who makes power inverters?

EPC Power is the only manufacturer in North America producing grid-scale power inverters. A power inverter is a device that converts electricity between AC (Alternating Current) and DC (Direct Current). AC electricity is the type that powers our homes through power lines, while DC electricity is commonly supplied by batteries.

What if my inverter company is missing from this list?

If your inverter company is misrepresented on this list, or if you'd like to feature your inverter company missing from this list, please reach out to editor Kelsey Misbrener at [kmisbrener@wtwhmedia.com](mailto:kmisbrener@wtwhmedia.com). Check in with the nation's leading solar construction magazine today.

Who is GreenTech renewables San Diego?

Build better energy systems and gain a competitive advantage with Greentech Renewables San Diego, CA. Located in San Diego, CA, Greentech Renewables San Diego is a trusted local resource for all of your solar equipment, product expertise, and sales support needs. From system design to commissioning, we're here to help.
