

San Jose solid-state battery energy storage factory

Overview

Are solid-state batteries the future of energy storage?

Solid-state batteries (SSBs) are poised to transform energy storage, particularly in the EV industry. Unlike conventional lithium-ion batteries that use liquid or gel electrolytes, SSBs rely on a solid electrolyte, offering significant performance and safety improvements.

Who makes solid-state batteries?

Contemporary Amperex Technology Co., Limited (CATL), the world's largest lithium-ion battery manufacturer, is making significant strides in solid-state battery development. With more than 1,000 researchers dedicated to the technology, CATL has invested in solid-state batteries for nearly a decade.

What is a solid-state battery?

Solid-state cells incorporate a silicon-based anode, aiming for over 500 miles of EV range and double the lifespan of lithium-ion batteries. The company has completed pilot production lines and is partnering with BMW, Ford and SK Innovation to accelerate commercialisation.

How will QuantumScape's lithium-metal solid-state batteries work?

QuantumScape's lithium-metal solid-state batteries will charge faster, go farther, last longer and operate more safely than today's EVs and gas-powered vehicles — bringing us closer to that lower carbon future. Do you want to help build one of the most critical parts of the future energy economy?

San Jose solid-state battery energy storage factory

Top 10: Solid-State Battery Developers , EV ...

Jan 29, 2025 · Solid-state batteries (SSBs) are poised to transform energy storage, particularly in the EV industry. Unlike conventional lithium-ion ...

Battery Manufacturing Building In San Jose ...

May 6, 2022 · Bay Area investors have paid more than \$100 million for a nearly 200,000-square-foot building in San Jose leased to a maker of high ...

PowerCo and QuantumScape Announce Landmark ...

Jul 11, 2024 · San Jose, United States/Salzgitter, Germany. Volkswagen Group's battery company PowerCo and QuantumScape (NYSE: QS) today announced they have entered into ...

Battery Manufacturing Building In San Jose Changes Hands ...

May 6, 2022 · Bay Area investors have paid more than \$100 million for a nearly 200,000-square-foot building in San Jose leased to a maker of high-tech batteries.

Top 10: Solid-State Battery Developers , EV Magazine

Jan 29, 2025 · Solid-state batteries (SSBs) are poised to transform energy storage, particularly in the EV industry. Unlike conventional lithium-ion batteries that use liquid or gel electrolytes, ...

New "Salt Battery" Will Be Manufactured In The US

3 days ago · A new, large scale iron-sodium energy storage system will be manufactured in the US, helping to support more wind and solar in the grid.

Energy Storage Tech startups in San Jose, United States

May 6, 2024 · It develops solid-state batteries for diversified applications using additive manufacturing technology. It also offers a platform to design and develop cellphone batteries ...

PRESS RELEASE: Lyten Acquires Battery Manufacturing ...

Nov 13, 2024 · Lyten to manufacture up to 200 MWh of Lithium-Sulfur batteries in California to meet growing demand from defense, drone, micromobility, and other energy storage ...

PRESS RELEASE: Lyten Acquires Battery ...

Nov 13, 2024 · Lyten to manufacture up to 200 MWh of Lithium-Sulfur batteries in California to meet growing demand from defense, drone, ...

Solid-State Battery Technology for a Sustainable Future , Kijona

Kijona develops safer, scalable solid state batteries with the highest energy density and a turnkey manufacturing platform for sustainable electrification.

Kobe Steel to take stake in all-solid-state battery startup

Mar 25, 2025 · Kobe Steel announces that it has taken a stake in Lasagna.one Inc., (LO) *1, a startup based in San Jose, California, developing all-solid-state batteries *2, which are ...

Antora Energy Announces U.S. Thermal Battery ...

Oct 24, 2023 · Factory Marks Significant Milestone for Large-Scale Industrial Decarbonization and Domestic Manufacturing Sunnyvale, CA - Antora Energy, a leader in zero-carbon heat and ...

Building the Best Solid State Battery , QuantumScape

QuantumScape is on a mission to transform energy storage with solid-state lithium-metal battery technology. The company's next-generation batteries are designed to enable greater energy ...

Antora Energy Announces U.S. Thermal ...

Oct 24, 2023 · Factory Marks Significant Milestone for Large-Scale Industrial Decarbonization and Domestic Manufacturing Sunnyvale, CA - Antora ...
