

Solar Tiles Ireland

Overview

Are solar roof tiles a good choice in Ireland?

In Ireland, solar roof tiles are becoming increasingly popular as people seek to reduce their carbon footprint and save money on their energy bills. There are several types of solar roof tiles available on the market, including Tesla Solar Roof tiles, Planum solar roof tiles, and natural slate roof tiles with integrated solar panels.

Retrofit Tiles & Panels Quickly & Easily. An exclusive feature to the entire system is how simple and easy it is not only to comfortably install but also retrofit both natural slate tiles and solar panel tiles. This system absolutely revolutionises the effective way we install slate roofs and solar PV in Ireland and is a total game changer.

What are solar roof tiles?

Solar roof tiles, also known as solar shingles, are an innovative alternative to conventional solar panels. They function like standard roof tiles but are embedded with photovoltaic (PV) cells to generate electricity from sunlight. Solar tiles are ideal for homeowners who want the benefits of solar energy without the appearance of bulky panels.

Are solar roof tiles worth it?

Since they make up the roof itself, solar roof tiles are most often installed on new build houses or homes with old roofs approaching the end of their lifespan. For people who have a roof which is still in good condition, it is likely to be more economical to get ordinary rooftop solar panels. What are Solar Roof Tiles?
