What makes a sunroom a great addition?

Sunrooms are the perfect four-season addition to increase the view and create a focal point for any home or business. Solar Innovations ® 's custom designed structures include durable aluminum framework. They are tailored with the most comprehensive line of aluminum accessories in the industry.

What is the best material for a sunroom?

Aluminum: This is a popular choice because it's affordable and lightweight. It requires little maintenance because it's durable and rust-resistant. However, aluminum framing can make it challenging to regulate the temperature inside your sunroom, so it's recommended for mild climates.

Do sunrooms cost a lot?

Sunrooms are more like living rooms or dining rooms made of glass or PVC and cost significantly more, adding to your energy bills. As one of the most professional sunroom manufacturers and suppliers in China, we're featured by customized products with low price.
