

# **Solar power station for sale in Qatar**

## Overview

---

Who is building a solar power plant in Qatar?

State-owned petroleum firm QatarEnergy has awarded a contract for the construction of the 2,000MW Dukhan solar power plant. The agreement was signed between the client company and South Korea's Samsung C&T, about 80 kilometers west of Doha. The plant will double Qatar's solar generation capacity once completed.

How will Qatar's Solar power plant work?

The plant will double Qatar's solar generation capacity once completed. This will facilitate in the supply of up to 30% of Qatar's total peak electricity demand. Moreover, it will use a solar tracker system and inverters, capable of operating in high temperatures.

Which is the first solar-powered charging station in Qatar?

Kahramaa launched and tested the Tarsheed PV station for Energy Storage and charging Electric Vehicles the first solar-powered charging station in Qatar. The station also contains power storage unit with a battery that has the capacity of 170KWh.

Is Qatar a good place to develop solar energy?

Qatar boasts the ideal conditions for developing solar energy with its exceptional sunshine and vast unoccupied spaces. This is where the Al Kharsaah solar power plant, developed by TotalEnergies and its partners QatarEnergy and Marubeni, was inaugurated in October 2022.
