

Solar powered battery charger in Brasilia

Overview

Who makes Smart AC chargers in Brazil?

A Spanish provider of smart AC chargers, expanding aggressively in Brazil with advanced digital features. A US-based CPO expanding its network, sourcing equipment both locally and internationally. A Swedish manufacturer building production lines in Brazil for AC/DC equipment.

Who makes AC/DC chargers in Brazil?

A global leader with localized production of DC fast chargers (e.g., Terra 184) in Brazil. Offers EVlink AC/DC chargers, with local assembly capabilities supporting Brazil's domestic market. Supplies VersiCharge AC and DC chargers, contributing to both public and private EV infrastructure.

Does Brazil have a national EV charging standard?

Brazil lacks a nationwide technical standard or federal deployment target, relying on INMETRO certifications and fragmented subnational initiatives. Brazil's EV charging market is in a nascent but rapidly growing phase. As of mid-2025, there are an estimated 4,500–5,500 public charging points, growing fast but insufficient for mass EV adoption.

Is Brazil a good place to invest in EV charging?

Import Reliance: While local assembly grows, critical components (e.g., power electronics) remain import-dependent. Brazil's EV charging market is at an early inflection point, with strong momentum driven by regional incentives and rising EV demand.
