

# Solar tiles and prices

## Overview

---

What is the cost of solar roof tiles?

Solar roof tiles typically cost up to three times as much as solar panels. For a 3KW system, you could be looking at up to £10,000 to £12,000. The Energy Saving Trust estimates that solar roof tiles can earn a homeowner around £7250 in FIT payments over 25 years, so you could have a long wait to recoup your costs.

What are solar tiles?

Solar tiles are roofing materials that can produce energy directly from sunlight. Solar tiles are integrated into the roof itself and function as both a roofing substance and a source of energy, as opposed to conventional solar panels, which are mounted on top of an existing roof.

Should you buy solar roof tiles?

For example, there are numerous solar roof tiles on the market and you want to take the time to find an experienced and competent installer. They're also a good buying decision if you're already planning on getting a roof replacement and want to retain the aesthetics of the original one.

Are solar tiles a good choice?

Sometimes called 'invisible solar', solar tiles are also an excellent option for solar power upgrades to listed buildings or buildings in conservation areas. They are also fantastic for complex roofs with cross-gables, dormer windows, sloped gables, and other non-standard pitched roofs.
