

# **South American Energy Storage Project**

## Overview

---

Can battery energy storage modernize the grid in Argentina?

The. Argentina's ambitious push toward grid modernization through battery energy storage has received an enthusiastic response, with CAMMESA (Compañía Administradora del Mercado Mayorista Eléctrico) confirming the submission of 27 project proposals from 15 companies under its AlmaGBA program.

How many MW of battery energy storage will be deployed in Buenos Aires?

The initiative aims to deploy 500 MW of battery energy storage systems (BESS) in the Greater Buenos Aires Area (GBA), but the submitted capacity has far exceeded expectations—reaching a combined 1,347 MW.

Will Argentina integrate new electricity storage infrastructure into urban distribution networks?

This national and international open call, part of Resolution SE 67/2025, marks Argentina's first large-scale effort to integrate new electricity storage infrastructure into urban distribution networks.

Why did Waaree group acquire a 10 MWh battery energy storage system?

Waaree Group, one of India's leading renewable energy solutions providers, has secured a 10 MWh Battery Energy Storage Systems (BESS) order from a key Infrastructure Development Company for deployment in Tamil Nadu. The order further consolidates Waaree's expanding presence in the country's rapidly growing energy storage market.
