Southern Europe Lighting Solar Lights

Overview

Who are the top solar street lights manufacturers in Europe?

The following are the top solar street light manufacturers in Europe. Philips (now Signify) is the world's leading manufacturer of solar-powered LED street lights. It has been serving over 70 countries throughout the world for many years. Based in the Netherlands, it is an international company.

Are solar street lights made in Germany?

Yes, all of our solar street lights, brackets, and special solutions are developed and manufactured by Geo-Technik in Germany. Our in-house metalworking shop in Großkrotzenburg, Hesse, enables us to guarantee the highest quality standards and offer customized solutions for our customers. How is a solar street light installed?

Who makes solar street lights in Bulgaria?

Over 11 years of solar street lighting system manufacturing experience have been gained by VNS Bulgaria Ltd. As one of Bulgaria's top suppliers of solar street lights, the company has a broad product portfolio. Furthermore, they manufacture solar lamps and garden lighting systems.

Where do solar street lights come from?

The European market is second only to Asia-Pacific and North America for solar street lights. Solar street lights imported from other countries can fill a void caused by a high demand that cannot be filled.
