

Spanish cargo solar air conditioner

Overview

What are the different types of air conditioning units in Spain?

There are several different types of air conditioning units and choosing the right one is key to finding the option that is the best and most affordable fit for you. The split system is the most common type of unit in Spain.

Should you install air conditioning in Spain?

Summers in Spain can be extremely hot, and the high temperatures can take a lot of getting used to for expats, particularly those from cooler countries such as the UK. If you are considering installing air conditioning in Spain, knowing the types of systems available, their costs, and the latest regulations is essential.

How much does air conditioning cost in Spain?

Used daily for a month, that's €5.82. 10 hours a day costs €1.94, which is €58.20 per month – a realistic figure for many households. 24-hour use costs €4.65 per day, adding up to about €139.68 per month. These figures explain why many homeowners in Spain want to know how much does air conditioning cost to run in Spain.

What do tourists need to know about air conditioning in Spain?

Here's what hosts in the following major Spanish regions must know: Under Decree 31/2024, published by the Junta de Andalucía, tourist homes are now legally required to provide air conditioning in bedrooms and living areas during the months of May to August.
