

Tajikistan Bridge Solar-Powered Containerized Automated Type

Overview

Why is Tajikistan building a bridge?

The project is the first bridge of such magnitude in Tajikistan and will be a critical component of the county's road network. It will serve as a vital link for Corridors 2, 3 and 5 of the Central Asia Regional Economic Cooperation Program, establishing essential connectivity between Tajikistan's landlocked terrain and neighboring regional markets.

Will Tajikistan build a 920 meter bridge?

AIIB has approved a loan equivalent to USD75.5 million for the Republic of Tajikistan for the construction of a 920-meter-long bridge and its approaches along the Obigarm-Nurobod section of M41 International Highway.

How will Tajikistan's new bridge help Kyrgyz & Dushanbe?

The bridge will provide an all-weather connection for over 350,000 residents of the northeast region of Tajikistan, not only to the capital city Dushanbe but also to the border of the Kyrgyz Republic, fostering broader cross-border connectivity.

Will AIIB grant a USD3.2 million grant to Tajikistan?

Recognizing the scale and unique challenges of the project, AIIB previously approved a USD3.2 million grant to Tajikistan in 2020 under the Bank's Project Preparation Special Fund.
