Tokyo is installing energy storage

Overview

Pacifico Energy commissioned its first unsubsidized grid-scale battery storage project in Japan, a 2MW/10MWh facility in Koganei City, Tokyo, on December 9, 2025. What is Tokyo's new battery energy storage system?

This battery energy storage system will be the first to be newly constructed in Tokyo and has been selected for the Tokyo Metropolitan Government's Project to Support the Introduction of Grid-Scale Batteries with an Eye on Expanding the Adoption of Renewable Energy.

Does Tokyo Gas have a battery energy storage system?

Tokyo Gas is also participating in the Japanese utility-scale battery energy storage system (BESS) market, signing a 20-year tolling offtake deal with Australian developer Eku Energy for a forthcoming 30MW/120MWh project.

Will Kamigumi build Tokyo Uminomori battery energy storage system?

Kamigumi to build Tokyo Uminomori Battery Energy Storage System for grid-scale battery business.

Why are battery storage systems being installed in Japan?

Several megawatt-hours of residential battery storage systems, typically paired with solar PV, are being installed in Japan on a monthly basis. This is largely due to concerns about losing power at home, given the seismic activity the country is frequently subject to, as well as extreme weather events like typhoons.
