

Tunisian rooftop solar energy storage company

Overview

What is TuNur energy doing in Tunisia?

In Tunisia, Nur Energie is developing the world's first CSP solar export project between North Africa and Europe. For more information about the TuNur project please visit the TuNur company website: .

Will Tunisia's first large-scale solar export project go to Italy?

Till Stenzel, COO of Nur Energie presented to an audience of over 75 energy professionals and policy-makers its project plans for a first large-scale solar export project from Tunisia to Italy. In Tunisia, Nur Energie is developing the world's first CSP solar export project between North Africa and Europe.

Why should you invest in solar power in Tunisia?

Nur Energie has built and maintained a solar weather station for 3 years on the TuNur site to receive real time solar data on the ground. Tunisia has up to 20% better radiation than some of the best sites in Europe, and the Sahara desert provides significant land to develop large scale solar power projects.

Where is TuNur energy located?

The site is located in the Sahara desert and has a solar radiation level of 2500 kWh/m² annually. Nur Energie has built and maintained a solar weather station for 3 years on the TuNur site to receive real time solar data on the ground.
