

# **Ukrainian air energy storage power station**

## Overview

---

Did Russia unleash a massive aerial attack on Ukraine's energy infrastructure?

LONDON -- Russia unleashed a massive aerial attack on Friday in what Ukrainian officials said was the largest and most destructive assault on its energy infrastructure since the start of the war.

How important is Ukraine's energy sector?

Ukraine's air defences provided some protection, but the scale of the attack and the resulting disruption highlighted once again the vital strategic importance of Ukraine's energy sector, as well as the ever-present risks to the country's energy supply.

Where in Ukraine has electricity been shut down?

The strikes forced emergency shut downs of electricity in at least seven regions, including Odesa, Dnipro, Poltava, Zaporizhzhia and Kirovohrad, according to Ukraine's state energy company. Officials in Ukraine's second largest city, Kharkiv, said it was entirely without power following the attacks.

Is Russia targeting Ukraine's energy system?

Ukraine's energy system 1 has been regularly targeted by Russia since its full-scale invasion in 2022, with attacks intensifying since the spring of 2024. The targeting of energy infrastructure has had wide-ranging consequences for the provision of energy to Ukrainian households and other consumers.
