

# Victorian Residential Energy Storage 2025

## Overview

---

Will Victorian Government approve a battery energy storage system?

The Victorian government has fast tracked the approval of what is to be one of the state's biggest battery energy storage systems as it seeks to accelerate the development of projects to support its renewable energy ambitions.

Can Victorian energy storage be connected by 2035?

Victorian Planning Minister Sonya Kilkeny said the new approvals pathway is playing a key role in achieving the state's energy storage targets of connecting at least 2.6 GW of energy storage capacity by 2030 and at least 6.3 GW by 2035.

How many energy storage projects are there in Victoria?

773 MW of commissioned energy storage capacity and 21 utility-scale storage projects with a combined capacity of 2,326 MW under construction or undergoing commissioning at 30 June 2025. Figure 4: Emissions from electricity generation in Victoria, 2013/14 to 2024/25.

Why is Australia investing in energy storage in Q1 2025?

The CEC supports the underlying policy goal of improving demand flexibility across the grid to lower costs, make better use of renewable generation and reduce bills for all consumers. Australia's remarkable run of investment commitments to energy storage projects continued in Q1 2025. Learn more from our report.

## Victorian Residential Energy Storage 2025

---

Victoria Approves 2,200MWh of Battery Storage through ...

Nov 5, 2025 · The Victoria government in Australia has approved a 300MW/1,200MWh battery energy storage system (BESS) in Gippsland and a 332MW solar PV power plant in the state's ...

---

Melbourne Renewable Energy Hub to boost Victoria's grid ...

4 days ago · The Melbourne Renewable Energy Hub battery project, jointly owned by the State Electricity Commission (SEC) and Equis Australia, has started supplying stored electricity to ...

---

Victoria fast tracks approval for 700 MWh ...

May 12, 2025 · The Victorian government has fast tracked the approval of what is to be one of the state's biggest battery energy storage systems as ...

---

Victoria urged to back home batteries and more deep storage...

Mar 4, 2025 · Draft strategy says batteries of all sizes - and deep storage - are critical to Victoria's future energy infrastructure. And it calls for all replacement appliances to be electric.

---

Why Victoria's Home Battery Incentive Program Ended -- And What Comes

May 28, 2025 · In a significant policy shift, the Australian state of Victoria has quietly wrapped up its interest-free home battery ...

---

Quarterly Investment Report: Large-scale renewable ...

May 27, 2025 · Australia's remarkable run of investment commitments to energy storage projects continued in Q1 2025. Learn more from our report.

---

Victoria fast tracks approval for 700 MWh battery project

May 12, 2025 · The Victorian government has fast tracked the approval of what is to be one of the state's biggest battery energy storage systems as it seeks to accelerate the development of ...

---

Victorian renewable energy and storage targets

Nov 11, 2025 · Our renewable energy targets Victoria's renewable energy targets legislated in the Renewable Energy (Jobs and Investment) Act 2017 (Vic) are: 25% by 2020 (achieved) 40% by ...

---

Why Victoria's Home Battery Incentive Program Ended -- ...

May 28, 2025 · In a significant policy shift, the Australian state of Victoria has quietly wrapped up its interest-free home battery loan program, a move that marks the end of a chapter in the ...

---

The Victorian Home Battery Storage Guide 2025 - 2026

Discover how home battery storage can cut bills, boost energy independence, and qualify for Victorian rebates. Learn how Melbourne Energy Group helps you design, install, and manage ...

---

Victoria urged to back home batteries and ...

Mar 4, 2025 · Draft strategy says batteries of all sizes - and deep storage - are critical to Victoria's future energy infrastructure. And it calls for all ...
