Wellington Outdoor Power Plant

Overview

Where will the Wellington North solar plant be located?

The Wellington North solar plant will be situated on 970ha of land, of which approximately 806ha will include solar panels.

What is the Wellington solar project?

This project consists of a 200MWdc solar farm at Goolma Road, Wuuluman. Construction on this project commenced in December 2019. Interested parties will be able to find all the information they need about the Wellington solar project here.

How many wind farms are there in New Zealand?

We have six wind farms spread from Waikato to Southland, plus the iconic, solitary wind turbine in Brooklyn, Wellington. We've also designed and built a wind farm at Ross Island in Antarctica that provides power to Scott Base and McMurdo research stations.

Where can I bike in Wellington?

Two mountain biking tracks, designed and constructed by Wellington mountain bikers Jonathan, Paul and Simon Kennett, provide some wonderful challenges for keen mountain bikers. Public access to the recreation area is via Opau Road. Car parking is available for 60 cars. Please note that dogs are not allowed in the recreation area.
