

# **What insurance should I buy for wind and solar hybrid maintenance of solar container communication stations**

## Overview

---

What is solar insurance?

Solar Insure - Protecting the Renewable Energy Industry. Since 2006, Solar Insure has helped solar installers overcome industry challenges with our unmatched 30-year warranty solutions and exceptional customer service.

Why do solar installers need a warranty?

Our warranties provide peace of mind, enhance customer trust, boost satisfaction, and create new revenue opportunities, empowering your business to grow while ensuring long-term protection for your customers' solar investments. Daybreak, our monitoring software, allows installers to stay on top of warranty needs and claims processing.

Does a solar inverter need maintenance?

Kimmie M. Having a solar system requires maintenance; unfortunately one of my inverters failed and Solar Insure was able to diagnose the problem, order the replacement and have it shipped to my home. The approved installers arrived the very next morning and had the system up and running.
