# Which battery cabinets sell the most in Castries

## Overview

---

What kind of batteries can be stored in a rack mount cabinet?

All-in-one design, store the leading brands of 19" rack mount type lithium batteries, inverters and controllers. DC48V powered air conditioner, heat exchanger or TEC coolers are optional, which can cool down the devices installed inside the cabinet. Battery Storage Space based on the battery specification.

What is a battery cabinet made of?

The cabinets are made of galvanized steel or aluminium, making them easy to position and providing a long service life. A slide-in racking system allows for easy installation of 19" rackmount style battery modules along with rain protected vents on both sides and on top for passive ventilation.

Why do you need an outdoor Battery Cabinet?

The cabinet is designed specifically to protect it from human damage, water, dust and other damages. Climate controlled products such as air conditioners, heat exchanger, or TEC coolers are installed on outdoor battery cabinet for keeping a stable temperature inside cabinet so as to increase service life and stability of battery.
