Wholesale 50kw solar inverter in Brisbane

Overview

How much does a 50kw Solar System cost in Australia?

For a more exact figure, contact our specialists for a free quote. For commercial 50kW solar systems in Australia you will be looking at starting prices of \$45,000 to \$50,000 after rebate, excluding GST. For higher quality components from top tier manufacturers with highly efficient inverters the prices will start from \$55,000.

What are the best solar inverter brands in Australia?

The best solar inverter brands in Australia are Fronius, SMA, Q CELLS, SolarEdge, Enphase, Sungrow, GoodWe, and Huawei. Each brand has unique features, pros, and cons that will suit different solar PV system requirements. Although each has a competitive advantage, the best solar inverter brand for one is not necessarily the best for another.
